APEX GOLD

Plate Finisher for Processors

DESCRIPTION: A plate finisher designed for use in all types of processors. **APEX GOLD** is compatible with all types of metal plates, including digital. It contains a special blend of desensitizers, film formers and wetting agents that provide excellent protection from handling scratches and fingerprints. **APEX GOLD** ensures a plate that starts up quickly and without sensitivity, for reduced paper waste.

SPECIFICATIONS:

Flash Point (TCC):	None
Appearance/Odor:	Clear gold-brown liquid with mild odor
VOC Content (EPA Method 24):	None

INSTRUCTIONS: Use **APEX GOLD** as supplied. Cut with 25% R.O. or deionized water if gum starts to build up on rollers. Can be used by hand as plate finisher on press.

BENEFITS:

- Provides excellent startups
- Protects plate from handling scratches and fingerprints
- Compatible with all metal plates (including digital)
- Eliminates gum blinding
- No separation or growth
- Long lasting
